Starting from the earlier one of following two dates:

1. The date on which the product was first installed.
2. 3 months after the date of delivery date.

HOW TO MAKE A CLAIM UNDER THE LUXPOWER LIMITED WARRANTY

If the claimant wants to make a warranty claim, please contact your local distributor where you purchased the product from, or the installer who installed the inverter for you. If the claimant was unable to obtain service from them, or was NOT satisfied with their service, the claimant can escalate your service request by creating a service ticket and make a claim to LUXPOWER via info@luxpowertek.com.

Please note, in order to deliver a friendly and timely service, LUXPOWER is cooperating with many of our distributors and installers all over the world. As such, please treat them as the default service channel of LUXPOWER and use these service channels to make your warranty claim; LUXPOWER will support and audit our service channel to ensure that we deliver a good service to our customers.

Please have the following information to hand as it may be required when contacting the local distributor.

1. Contact information of claimant, including name of the person, name of the company, phone number, email address and shipment address.
2. Information regarding all defective product(s), including product(s) model(s), serial number(s), installation date and failure date. Please make the claim within 2 weeks from the failure date, otherwise Luxpower will treat it as you have abandoned the right to make a warranty claim.
3. Installation information, including brand, model, and number of PV panels, the brand and model of batteries.
4. Error message on LCD screen (if applicable) and additional information regarding the fault/error.
5. Description of actions before the failure and detailed information of previous claims (if applicable).

LUXPOWER may arrange an on-site inspection to find out the root of the faults. The claimant is responsible for granting access, making time, and ensuring the safety of the inspection by a technician from LUXPOWER or an authorized third party company. LUXPOWER reserves the right not to enter the site should the LUXPOWER technician consider it unsafe to do so.

REMEDY

If a claim is received within the warranty period and a fault with the product is discovered that is covered under the warranty, LUXPOWER may, at its sole discretion, elect to

1. Fix the issue by changing configurations or updating software.
2. Repair the product by replacing with spare parts.
3. Exchange the product for a product that is brand new or refurbished but at least functionally equivalent to the original product, or an upgraded model which is either functionally equivalent or functionally superior to the original product. If the device is replaced within the warranty period, the remaining warranty period will be automatically transferred to the replacement unit. For every single inverter exchange case, the claimant must gather the necessary information and send the RMA report (by following LUXPOWER's RMA template) to LUXPOWER to confirm the RMA request, prior to the inverter being exchanged.
4. If it's proven that the problem was caused by faulty installation, claimant should contact the original installer and request that they provide a solution to fix the issue.

All parts of the product or other equipment that LUXPOWER replace shall become LUXPOWER's property. If the product is found not to be covered by this Limited Warranty, LUXPOWER reserves the right to charge a handling fee. When repairing or replacing the product, LUXPOWER may use products that are new, equivalent to new or refurbished.

Unless a special/unique agreement exists between LUXPOWER and the customer, the LUXPOWER limited warranty covers only the cost of hardware material required to get the device functioning again. **Transportation costs:** in some areas, LUXPOWER will cover the outbound and inbound transportation costs by using normal ground transportation up to a total amount (please contact LUXPOWER for the rate) per case. The claimant must cover any excess costs or any costs generated by using another method of transportation. In some of the cases, the claimant need to organize the return of the allegedly defective product to LUXPOWER or its authorized service partner and should confirm with LUXPOWER for the shipment schedule in advance. As products need to be packaged in a reasonable condition, LUXPOWER suggests using packaging material that is the same size as the product package at the time of purchase. If the allegedly defective product is not returned within 2 weeks of the replacement unit being received by the claimant, or there's no damage found after checking the returned back product, LUXPOWER will invoice the claimant for the replacement unit in addition to the delivery and associated service charges.

All other costs including but not limited to compensation from direct or indirect damages arising from the defective device or other facilities of the PV system, or loss of electrical power generated during the product downtime are NOT covered by the LUXPOWER limited warranty.

WARRANTY EXCEPTIONS

The following circumstances may cause device defects, but are NOT covered by LUXPOWER's limited warranty.

1. Normal wear and tear (including, without limitation, wear and tear of batteries).
2. Any defects that occur when the limited warranty period has expired (excluding additional agreements of warranty extension).
3. Faults or damages due to faulty installations or operations, maintenance carried out against LUXPOWER instructions by an unauthorized installer.
4. Disassembly, repair or modifications performed by a third-party company/person not authorized by LUXPOWER. Product modifications, design changes or part replacements not approved by LUXPOWER.
5. Faults or damage due to unforeseen circumstances, man-made factors, or examples of force majeure including but not limited to stormy weather, flooding, overvoltage, pests, inappropriate handling, misuse, neglect, fire, water, lightning or other acts of nature.
6. For the products equipped with the SPD module, when the lightning is beyond the SPD's protection range, it won't be able to protect the inverter and the LUXPOWER limited warranty does NOT cover the inverter or accessory damage caused by such lightning.
7. Vandalism, engraving, labels, irreversible marking or contamination or theft.
8. Usage which does not comply with the safety regulations (VDE, IEC, etc.).
9. Faults or damage caused by other factors not related to product quality issues.
10. Any rust that appears on the device's enclosure caused by harsh environmental conditions. Faults or damage caused by exposure to sea coasts/saltwater or other aggressive atmospheres or environmental conditions without LUXPOWER's written confirmation/approval prior to the installation.
11. Accidents and external influences.
12. Using product with lithium battery out of our list of compatible batteries. Please refer to the link(<https://luxpowertek.com/download>) for a detailed list of compatible battery packs.
13. Unless a special agreement exists between LUXPOWER and the battery manufacturer, for all the battery packs NOT listed in our 'Luxpower Compatible List', it's the responsibility of installer/system integrator to check the battery safety as well as system performance and reliability. Luxpower shall guarantee the performance of the inverter under the normal working conditions within the limited warranty term and provide limited technical support if applicable. However, Luxpower shall assume no liability for system malfunctions and any incurred loss or damages whatsoever.
14. Product failure is not reported to LUXPOWER within 2 weeks of appearance.
15. Please kindly notice that if any Luxpower products are used for the purpose of an anti-countercurrent solution, the manual of the anti-countercurrent products must be read in advance to ensure the operating principle of anti-countercurrent has been fully understood. It shall be thoroughly understood that in the process of actual use, a tiny amount of power may still be sent to the power grid, which cannot be completely avoided by the Luxpower anti-countercurrent products. Any photovoltaic plants in which Luxpower products have been used must be reported to the competent local authority with the corresponding jurisdiction. Should the photovoltaic plants fail to report such use, Luxpower shall not be liable for any and all

risks and penalties arising from or in connection to the unreported or unauthorized use of Luxpower products. In the event that the photovoltaic plants have reported the use of Luxpower products, the liability of Luxpower shall not exceed the total amount of the Purchase Order of the relevant products.

OUT-OF WARRANTY-CASE

Any defects that occur after the expiry of the warranty period, or which occur within the warranty period but which are listed in the warranty exceptions above, are known by LUXPOWER as out-of-warranty cases. For all out-of-warranty cases, LUXPOWER may charge an on-site service fee, a parts fee, labor costs and a logistics fee to customer, including any/all of:

1. On-site service fee: cost of travel and time for the technician to deliver on-site service and labor cost for the technician, who is repairing, performing maintenance on, installing (hardware or software) and debugging the faulty product.
2. Parts/materials fee: cost of replacement parts/materials (including any shipping/admin fee that may apply).
3. Logistics fee: cost of delivery and any other expenses incurred when defective products are sent from the user to LUXPOWER or/and repaired products are sent from LUXPOWER to the user.

GEOGRAPHICAL SCOPE

This LUXPOWER Limited warranty terms and conditions applies for international market except America, Canada (which applies for other terms and conditions). It applies for the devices which are originally purchased from channels authorized by LUXPOWER and installed in the destination defined within the international market mentioned above, unless there are specially stipulated warranty terms and conditions between LUXPOWER and the direct purchaser. For any units sold for one country/region but installed in another different country/region, the warranty will become invalid if LUXPOWER does not provide written confirmation/approval prior to the installation.

LIMITATION OF LUXPOWER's LIABILITY

This limited warranty replaces all other LUXPOWER warranties and liabilities, whether oral, written, (non-mandatory) statutory, contractual, in tort or otherwise, including, without limitation, and where permitted by applicable law, any implied conditions, warranties or other terms as regards satisfactory quality or fitness for purpose. However, this limited warranty shall neither exclude nor limit any of your legal (statutory) rights under the applicable national laws. To the extent permitted by applicable law(s), LUXPOWER does not assume any liability for any loss of, damage to or corruption of data, for any loss of profit, loss of use of products or functionality, loss of business, loss of contracts, loss of revenue or loss of anticipated savings, increased costs or expenses or for any indirect loss or damage, consequential loss or damage or special loss or damage, or punitive loss or damage. To the extent permitted by applicable law, LUXPOWER's liability shall be limited to the purchase value of the product. The above limitations

shall not apply in case of gross negligence or intentional misconduct of LUXPOWER or in case of death or personal injury resulting from LUXPOWER's proven negligence.

*Limited warranty is a basic warranty promise from LUXPOWER to the end users. In some countries/districts, end users may receive an additional warranty promise (should be at least equivalent to the manufacturer's warranty) which is provided by LUXPOWER's local distributor; should any claims arise in this respect, please direct them to the local distributor. Please note this LUXPOWER limited warranty statement may NOT be the latest version, please refer to the latest version of the LUXPOWER limited warranty by visiting our global website via <https://luxpowertek.com/download>
